RE: Docket No. W-03514A-08-0047 and Docket #W-03514A-07-0386 – Payson Water Company, Inc.

To Whom It May Concern,

I would just like to say that misleading misrepresentation of facts and Slanderous, libel statements about Mr. Prahin brings no resolution. Counsels for the Company continues to attack Mr. Prahin about wrong doing on hear say not facts. The facts can be found in the Gila County Sheriffs Police report. In fact on 11-17-2011 in the very proceeding referred to in the Company filing, the Gila County Sheriffs office and attorney's office were already involved and stood with Mr. Prahin , no wrong doing.

1. The Company Claims Grant of Summary Judgment, they fail to State Partial Summary Judgment.
2. Mr. Prahin will be appealing this partial Summary Judgment
3. As Judgment stands Mr. Prahin owns title to the underlying real property. Mr. Prahin owns land and commodity which comes from his land. Mr. Prahin stated over three years ago in the A.C.C., Somebody has to pay for the use of his land and the commodity that it takes from his land. See Statue 167 AM. Jur.2d.-Constitutional Law Section 369.
4. Mr. Prahin's position is if the Company does not pay for use of his land and the commodity, they are stealing from it and needs to get off the property.
5. In regards to the claim that water issues were being addressed in Docket #W-03541A-05-0729. Really! Let us count the ways this has been addressed.
 1. Pushing 30 years on moratorium
 2. More than (2) Two dozen people on waiting list to obtain water meters.
 3. Ten Thousand (10,000) gallon tank put in Geronimo Estates 1, at least you can see this thank. Too bad it does NOT HOLD ANY WATER! I will bet that Staff was the first to be notified that the residents of Geronimo Estates and Elusive Acres that the community was functioning on just the 15,000 gallons of Elusive Acres Tanks. In Mid June just a few weeks ago the man trying to patch this deteriorated tank said, that the tank has been empty and he was trying to patch it but it was in really bad shape. So is the tank holding water? And if so was this tank cleaned and inspected to insure welding debris and other containments were absent, prior to it going back on line? If it is in fact even back on line.

The Company claims it's over and that Mr. Prahin caused all this damage, when in fact damage has been brought on the rightful owner of a piece of property through years of inaction and by a regulatory body that was elected to uphold the constitution and laws. Thousands of my constituents in Gila County, I believe deserve better when it comes to the ACC Holding a Water Company Accountable. I believe all parties involved know what the C.N.N. states: They will Provide Adequate Service to all the Public. I'd like to see that happen once. Changing the name of the C.N.N. holder doesn't clean up years of inaction and non compliance to Regulatory Rules and/or Laws.

With that being said .. , Counsel claims notification to all parties on 6-17-2013. Mr. Prahin's notification is post marked 6-21-2013.
Therefore Mr. Prahin's filing of this document falls within the allotted time.

Respectfully

A handwritten signature in black ink, reading "Steven P. Prahin". The signature is written in a cursive, flowing style.

Steven P Prahin
